

# Mosquito Control Begins With You and Your Yard!

## Here's what you can do:

Cover yourself with clothes.

Plant herbs, grasses and plants that naturally repel mosquitoes such as

Be friendly to creatures that eat mosquitoes including bats...

...and Purple Martins!

Why not mount a Purple Martin house in your own yard?

For more information about mosquito control please visit [www.annapolis.gov](http://www.annapolis.gov), or the following other helpful websites:

Remove standing water in your yard.

You can also spray repellant in the air,

place pellets in the water,

or use mosquito magnets, such as the ones at Truxtun Park.

For a big job, please call

Maryland State Department of Agriculture at (410) 841-5870.

*Remember mosquito control begins with you and your yard!*
